## PROVIDERS

**ABRAM BURGHER, MD**

### ANESTHESIOLOGIST

Dr. Abram Burgher graduated magna cum laude with a Bachelor of Science and AOA honors in medical school from the University of Minnesota. He is double board-certified in

pain medicine and anesthesia. Dr. Burgher continued to the Mayo Clinic, completing his residency in anesthesiology and a fellowship in pain management.

Dr. Burgher is actively involved in clinical research to improve the quality and safety of patient care in those with chronic pain. He believes that the best physicians continue to seek out new opportunities to learn and has authored numerous publications in peer-reviewed journals.

**TODD TURLEY, MD**

### ANESTHESIOLOGIST

Dr. Todd Turley is a fellowship-trained pain management physician, focused on a multi-disciplinary approach to patient care. He completed his residency and fellowship

in Rochester, MN at the Mayo Clinic, and had the opportunity to train under a number of the most lauded pain professionals in the country.

Dr. Turley is passionate about treating patients with pain because he has personally experienced what it is like to live with chronic pain after rupturing a disc while playing football when he was younger. To this day, Dr. Turley continues to personally perform the same exercises and injections that he recommends to his patients.

**JARRETT LEATHEM, DO**

### INTERVENTIONAL PAIN

Dr. Jarrett Leathem was born and raised in Connecticut, and graduated cum laude in 2005 from the University of Tampa with a bachelor's degree in marketing. He also

played baseball at the University of Tampa, and then continued his medical education in Parker, Colorado at Rocky Vista University College of Osteopathic Medicine, where he graduated in the top of his class with his Doctorate of Osteopathic Medicine.

Dr. Leathem completed a residency in anesthesiology and then a fellowship in pain medicine at Penn State Milton S. Hershey Medical Center in Hershey, PA. He is double board-certified in pain medicine and anesthesiology.

**JESSE HATGIS, DO**

### INTERVENTIONAL PAIN

Dr. Jesse Hatgis completed his medical school training at the prestigious New York College of Osteopathic Medicine (NYCOM). He then completed several post-graduate

training programs through Nova Southeastern University/Larkin Community Hospital in South Miami, FL, including a traditional rotating internship, physical medicine and rehabilitation/physiatry residency, and pain medicine fellowship.

Dr. Hatgis is a double board-certified osteopathic pain management/physical medicine and rehabilitation physician. He strives to build relationships with his patients and takes pride in seeing their clinical improvement.

CERTIFIED  
PHYSICIAN ASSISTANT

**ALICIA HOLLISTER, FNP-C**

CERTIFIED  
FAMILY NURSE PRACTITIONER

# ADVANCED SPINE AND PAIN

## ABOUT ADVANCED SPINE AND PAIN

ADVANCED SPINE AND PAIN (ASAP) IS A COMPREHENSIVE, INTERVENTIONAL PAIN PRACTICE. ASAP PRIDES ITSELF ON INDIVIDUALIZED PATIENT TREATMENT PROGRAMS DRIVEN BY AN OUTCOMES PROGRAM DEVELOPED BY OUR OWN PHYSICIANS. ASAP PHYSICIANS ARE BOARD CERTIFIED SPECIALISTS AND OUR NON-PHYSICIAN PROVIDERS TYPICALLY HAVE YEARS OF EXPERIENCE IN INTERVENTIONAL PAIN MANAGEMENT.

We are happy to see patients at any stage, from those with recent low back pain and no treatment, to more complex patients with years of pain and multiple surgeries. We offer initial evaluation and will recommend imaging or other studies as needed, with stepwise conservative care, including medications, physical therapy, chiropractic care and injections.

What separates ASAP from other pain management practices is that we can help our patients where they need it, when they need it, and how they need it, including via telemedicine, in-clinic visits, procedures in our outpatient surgery centers, or even in a hospital when necessary. We provide all levels of acute and chronic pain care from simple treatments to advanced surgical procedures.

**ADVANCED SPINE AND PAIN ACCEPTS MOST MAJOR INSURANCES, AS WELL AS WORKERS' COMPENSATION AND PERSONAL INJURY CASES.**
